Duke
DEPARTMENT of MUSIC *Class of 2026*

# BARRON BROTHERS

Majors: Music (Voice and Composition) & Statistics

## Duke Music Highlight

My composition lessons with Dr. Kelley and Dr. Jaffe, who both pushed me both technically and stylistically to my best; taking choral conducting; 4 wonderful years of Chorale with Dr. Friedman; taking history with Dr. Todd and Dr. Brothers, who both expanded upon my views of music history profoundly; and discovering a new composer with a unique style almost every week with Dr. Kelley. Thank you to all who have been a part of my musical journey these past four years!

## What's Next

I will be working as a data analyst at the Choctaw Nation of Oklahoma, but I will keep singing, composing, and looking for opportunities to perform my music.

## Music Mentors

- Anthony Kelley
- Allan Friedman

*"Using both sides of my brain for four years has elevated my intellectual stimulation greatly in all of my studies. Even though it is a lot of courses, you will often find that each theory and history course helps shape your perspective and technique. You will become more immersed—and fluent—in the language of music."*
