Biddle Highlight:

Chamber Music has been a highlight of my time at Duke. Playing with an ensemble brought so much light to my COVID freshman year, and six semesters of chamber later, I'm immensely grateful for music and friendships made along the way. I also want to shout out Dr. Kelley, whose courses are among my favorites at Duke. His enthusiasm is contagious, and I grew so much as a musician and appreciator of music because of him. Outside of the classroom, my weekends too are spent in Biddle, rehearsing with my wonderful a cappella group Lady Blue. Music is at the core of my Duke experience, and I am thankful for all Biddle and the Music Department have provided me!

Future Pathway:

I plan on working in policy

Advice to Future Music Majors/Minors:

I think a lot of people worry that studying music will prevent them from learning other more "practical" skills. I have never regretted minoring in Music once! Academically, music courses have brought me so much balance. Working on a composition is a wonderful release from readings and PSETs!
