

Interdepartmental Major  
in Music and Computer Science

voice, piano, organ, composition

*Courtney Dantzler*

Special thanks to Scott Lindroth, Robert Parkins, Ed Paolantonio, Sandra Cotton, Stephen Jaffe, and countless other faculty!

Meeting so many wonderful people in the music department, especially during my shifts at the music library and dinners with the Black Music and Soul of America Lab. - Late night laughs with my lovely friends in Out of the Blue, my a cappella group.

Don't worry if your college journey looks messy on paper. Just try to focus on what's in front of you. Trust your ear and your intuition. Know that people really care about you here, so don't be afraid to open up and ask for help.

I'm still on the job hunt, but ideally, I'd stay in Durham (or else I'll probably move up to New Jersey) to work while I continue to make music.

I'm self-producing a record! It'll be out by the end of the semester.
