Duke
DEPARTMENT of
MUSIC Class of 2026

ERIC WANG

Interdepartmental Major: Music (Piano) & Neuroscience
Minor: Chemistry

Duke Music Highlight

My piano lessons, chamber music concerts, and rehearsals with my a capella group. Also, running into a friend after a late night practice session. Staying involved with music has enriched my time at Duke in so many ways, and I am so grateful for every professor who has supported me along the way — especially Prof. Ieva and Prof. Fang.

What's Next

I am heading to medical school.

Music Mentors

- Ieva Jokubaviciute
- Jeannette Fang

"Take advantage of your time at Duke and try something new. I've been a classical pianist my whole life, but also ended up taking class voice with Prof. Linnartz and joining a cappella. This turned out to be one of the best decisions I've made – I've had so much fun and made many memories along the way."
