Biddle Highlight:

My most cherished memory of Biddle is the remarkable closeness created among the students in each of my Music Department classes. We were bound together by our shared passion for music, creating a sense of unity unparalleled by any other academic experience I've had at Duke.

Future Pathway:

I am heading to New York City to pursue my dream career in Entertainment/Music Marketing.

Advice to Future Music Majors/Minors:

I strongly suggest considering a Music minor to maintain a meaningful connection to music throughout your time at Duke. Amidst the hectic pace of college life, balancing academics, social activities, and various commitments can be challenging. Opting for a Music minor offers dedicated time to reignite your passion for music amidst our bustling schedules.
