

NATHANIEL MAXWELL

Music major with piano performance concentration

Math Major

Statistics Minor

Primary Faculty: David Heid, Anthony Kelley, Verena Mösenbichler-Bryant

Distinction Project:

Working on Distinction Project - Have written a Piano Quintet in 3 movements, and am also giving a senior recital on Piano (April 9th at 4pm in Baldwin!). Coming to Duke, strings and chamber music were musical mediums that I was relatively unfamiliar with, so I wanted to explore them through composition - this composition is the result of that!

Biddle Highlight:

Most memorable moment was yearly band camp cookout on the back patio of Biddle - so much fun spending time with friends and meeting new freshmen!

For future students: If you're afraid of the time commitment that comes with taking lessons/ensemble/an extracurricular music class, take a step out of your comfort zone and take the course! I've heard so many fellow seniors say how they regret not getting involved in any sort of music while in undergrad.

After Duke: I will be heading to graduate school (school TBD) for MM in piano performance.
