Duke
DEPARTMENT of MUSIC *Class of 2026*

TYLER SHEU

Major: Economics
Minor: Music (Score-Focused)

Duke Music Highlight

Some of my most meaningful experiences at Duke have come from being part of the Department of Music. I've been involved in the Duke University Wind Symphony since my freshman fall semester, and serving as Co-President and Percussion Section Leader has been one of the most rewarding parts of my time here. What stands out most when I think about Biddle is the community.

What's Next

I'll be working at a Silicon Valley tech company after graduation.

"If music has been an important part of your life before coming to Duke, keep it in your life in some way. Whether you decide to major, minor, take a couple of classes, or join a performance group, give your soul the food it needs and keep doing music!"
