QUESTION	SUMMER	FALL
How many students are accepted into the program?	18 students	18 students
Do I need a certain major to apply to the DiNY program?	All majors are welcome. Common majors are English, Arts (Theater, Art History, VMS etc.), Literature, Journalism, Psychology, PPS, Political Science, History and Economics majors, or similar. All majors have applied and been accepted at one time or another, including Neuroscience and Biology! See course cross-listings on back.	All majors are welcome. See Summer (at left) and see course cross-listings on back.

How does the internship search work?	Much the same as Fall Semester ( <b>see info at left</b> ), however Summer students must work a bit faster in their search since there's less time between acceptance into the program and the beginning of Summer Semester. Come into the application process with a firm idea of what field you'd like to work in; upon acceptance to the program, you should immediately begin culling any NYC leads you can find. DiNY staff will provide one "Active Lead"	Upon acceptance, visit the Career Center or Hayley Broadhead at GEO (hayley.broadhead@duke.edu) & provide them with an updated resume. You then have a one-on-one meeting with the DiNY Internship Coordinator to discuss your areas of interest, receive tips for your search and receive an "Active Lead" from our database. DiNY staff follow you through your search but <i>it's up to you to find your internship</i> . We feel this is an important and enriching part of the DiNY experience.
Will DiNY courses or internship satisfy requirements in my major, minor or certificate program?	<b>You are responsible</b> for talking with the appropriate person in your department (Director of Undergraduate Studies or your Certificate Advisor) to find out if our courses and/or internship will satisfy the requirements in your major, minor or certificate program.	<b>You are responsible</b> for talking with the appropriate person in your department (Director of Undergraduate Studies or your Certificate Advisor) to find out if our courses and/or internship will satisfy the requirements in your major, minor or certificate program.
